

## SUMMER ENRICHMENT HOBBY CAMPS

### INTRODUCTION TO SEWING/SEWING CAMP: (Grades: 3-4)

Sewing is a wonderful skill to learn and one that will be used throughout your life, whether it is sewing on a button, a hem or creating fun projects. In this class we will learn basic hand sewing skills. We will learn how to use and follow a pattern, different hand sewing stitches and sewing on a button. Projects include making a sock monster, a bag made out of trim and ribbon, finger puppets and a pillow or a felt cupcake.

To sew requires concentration and focus, problem solving skills, hand-eye coordination and fine motor skills. It challenges left brain thinking and is a wonderful way to express ones creativity and individuality and is a useful life skill. Sewing is great fun and promotes self-esteem & confidence. Each child gets to make choices and decisions about color selection and coordination, fabric options, design and proportions. Completing a project fosters a sense of accomplishment. Come join us for a sewing workshop filled with learning and fun.

### AVIATION CAMP: (Grades: K-4)

Join us this summer for a high-flying complete camp adventure! We're going to fly high above the clouds by building and testing all different types of models! Our traditional balsa wood gliders will teach us how to build, balance and ultimately fly a unique model airplane that will glide through the air! We'll learn how to properly adjust wings and balance weight to make our planes fly in different directions! We will also include our super fun sling-shot models! Keeping with the trend of rubber bands, we'll also include some of our rubber band propellers that can fly forward or straight up in the air and almost reach the clouds! If that wasn't enough, next we'll experiment with our motorized options, which will run on battery power and amaze everyone! Remember each model is yours to keep at the end of camp!

### MAGIC COSMIC CAMP: (Grades: K-4)

Hocus Pocus, Abracadabra! Make your summer a magical one by signing up for Hobby Quest's Magic Cosmic Camp today! Aspiring young magicians and wizards - this is just the camp for you! This summer we're going to explore all different types of magic tricks and illusions to wow any audience. Street magic tricks will be sure to wow your friends and family by creating and performing magic tricks from everyday items! Astonish everyone by becoming an expert at reading your audience's mind! By the end of this camp you will know how to make things disappear and reappear from thin air! Making items float, change color and even change shape will be a snap for you! If that wasn't enough, you'll even get a chance to perform your new skills for friends and family at the end of camp! Remember, all of the tricks you learn are yours to keep at the end of camp. Don't wait, take the first step to becoming an accomplished magician and sign up for Hobby Quest's Magic Cosmic Camp today

**FASHION FABULOUS FUN CAMP:** (Grades: 1-4)

Calling all designers - are you ready to stop buying other people's designs and start creating your own? If yes, this is the camp for you! This summer we are putting on our creative hats and designing the hottest new looks. From sketching to final fitting, you will learn all of the ins and outs of how to make your very own couture pieces! Each camper will design, sketch and create 2 wearable garments (like skirts, shorts, and shirts) and at least one accessory (tote bags, scarves, headbands) to complete a head to toe look! Everything is done by hand, sewing, measuring, cutting, decorating, adding seams, appliques and fringe - we'll teach you how to do it all! Of course the best part of fashion design is showing it off, so we'll have a real runway fashion show for friends and family so you can show off your work!
